	New!	M18 "BABYMAX"		
		<i>The M18 is an 1800W ARRIMAX style lamphead, combining the Academy Scientific and Engineering. Award-winning lens-less optical technology of the ARRIMAX with the innovative True Blue design. The result is an exciting new class of HMI, as small as a 1200W PAR but with a 70 percent higher light output. The "BABYMAX" gives a remarkably even beam spread that casts crisp shadows and is adjustable from 20-60 degrees without requiring spreader lenses.</i>

DAYLIGHT PAR LAMPHEADS				
	New!	AS18		
		<i>The AS18 is an 1800W PAR style lamphead, combining industry-standard ARRIS UN features with the innovative True Blue design. The result is an exciting new class of HMI, as small as a 1200W PAR but with a 70 percent higher light output. The AS18 uses the same lenses, cables and accessories as the ARRISUN 12, and has similar beam spreads. For compatibility, the lamphead can even be used with a 1200W lamp and powered by either the purpose-designed EB1200/1800 or any ARRI 1200W ballast.</i>
